

**Third International Conference on Frontiers in Molecular Life Science
Oral Communication Sessions**

Session 01 - Natural products for therapeutics - 06th April 2022

Presentation and Time		Title	Presenting Author
OP 11	13.45h-14.00h	Selective anti-breast cancer activity of endophytic fungi isolated from <i>Rhizophora apiculata</i>	Nimesha Wickramaratne
OP 12	14.00h-14.15h	Cytotoxicity of marine macroalgae against oral cancer cells (UPCI:SCC 090 and UPCI:SCC 152)	Sivagini Kumarasamy
OP 13	14.15h-14.30h	Acetylcholinesterase inhibitory activities of <i>Jasminum multiflorum</i> , <i>Jasminum rottlerianum</i> , <i>Darcena sanderiana</i> and <i>Sansevieria zeylanica</i>	WS de Silva
OP 14	14.30h-14.45h	Determination of anti-tubercular activity of selected phytochemicals using molecular docking	Sewmini Liyanage
