

**Third International Conference on Frontiers in Molecular Life Science
Oral Communication Sessions**

Session 03 - Natural products for therapeutics - 07th April 2022

Presentation and Time		Title	Presenting Author
OP 15	8.00h-8.15h	Protein-ligand docking for the identification of ligand binding sites and novel therapeutics for breast cancer	Thafani Saleem
OP 16	8.15h-8.30h	Isolation of an anti-cancer compound from <i>Mangifera zeylanica</i> leaves	Dipun Perera
OP 17	8.30h-8.45h	Protein-ligand docking of phytochemicals against Alzheimer's disease	Jamana Jafar
OP 18	8.45h-9.00h	Preliminary study on Sri Lankan anti-viral Ayurvedic formulation "Panu" and its GC-MS fingerprints.	Chathura Lakshman
