

**Third International Conference on Frontiers in Molecular Life Science
Oral Communication Sessions**

Session 04 - Natural products for therapeutics - 07th April 2022

Presentation and Time		Title	Presenting Author
OP 19	8.00h-8.15h	Virtual Screening and Molecular Dynamics Based Identification of Bismahanine as a Potential Anti-aging Compound	Mohammad Mishal M Faizan
OP 20	8.15h-8.30h	In silico Identification and In Vitro Validation of Alpha Hederin as a Wnt/ β catenin pathway inhibitor in breast cancer stem cells	Mohamad Mishal M Faizan
OP 21	8.30h-8.45h	Analysis of antibacterial properties in "Madhuca longifolia" leaves and seeds extractions against selected gram negative and positive microbial strains	Thayagi Archana
OP 22	8.45h-9.00h	Effect of a polyherbal formulation in Sri Lankan market on the mRNA expression and secretory levels of inflammatory cytokines in THP-1 derived human macrophages	Loshini Ranaweera
