

**Third International Conference on Frontiers in Molecular Life Science
Oral Communication Sessions**

Session 06- Molecular Genetics and Genomic Medicine - 07th April 2022

Presentation and Time		Title	Presenting Author
OP 04	12.00h-12.150h	Mitochondrial D-loop variations in sporadic breast cancer patients of Sri Lankan Tamil, Sri Lankan Moor and Sinhalese populations	Joanne Kotelawala
OP 05	12.15h-12.30h	Role of Kiss1/ Kisspeptin/ GPR54 system in the development of polycystic ovary syndrome (PCOS) in Sri Lankan women	Umayal Branavan
OP 06	12.30h-12.45h	Prevalence of PNPLA3 polymorphisms in a cohort of non-alcoholic steatohepatitis (NASH) related hepatocellular carcinoma (HCC) patients in Sri Lanka	S.A Saumya M. Samerasinghe
OP 07	12.45h-13.00h	Molecular surveillance of Artemisinin-resistant k13 mutations in imported Plasmodium falciparum cases diagnosed in Sri Lanka	W.M.K.T.De.A.W. Gunasekera
OP 08	13.00h-13.15h	Detection of hotspot regions of WT1 gene in a cohort of 46,XY DSD children in Sri Lanka	Malith Arambage
